

SP8
POWER TROWEL

**THE NEW FORCE IN
CONCRETE FINISHING**

**HEAVY-DUTY & PRODUCTIVE
EASY TO USE & EASY TO SERVICE**

Engine: Vanguard 993cc/60.6cu.in

Engine Power: 26 kW / 35 hp

Engine RPM: 1400-3800 rpm

Rotor RPM: 30-180 rpm

Path Width: 2385 mm / 93.9"

Pan diameter: 2 x 1182 mm / 46.5"

Rotor diameter mm/in: 2 x 1136 mm / 44.7"

Blades per Rotor: 5

Application: Concrete Finishing

Fuel Type: Gasoline

Fuel Tank Capacity: 25l / 6.5gal

Retardant Tank Capacity: 25l / 6.5gal

Water Feed: Front mist with pump

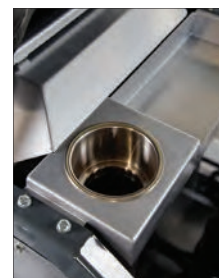

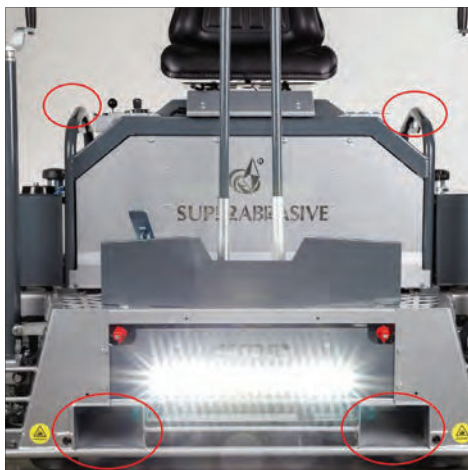

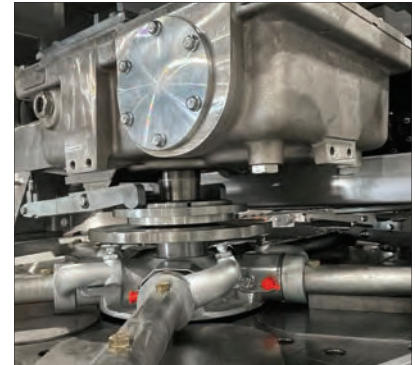

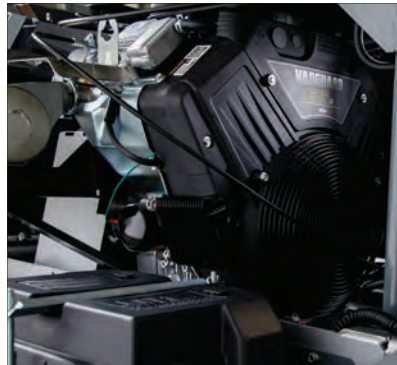

Machine Weight: 560 kg / 1240 lbs

Equipped with a set of combination blades (10pcs)

Optional accessory - transport wheel

PACKED WITH FEATURES TO OUTWORK THE COMPETITION

- » Vanguard gas-powered engine with oil drain valve
- » Manual dual-lever steering with spring loaded assistant
- » Heavy-duty, inhouse-made helical bevel gearbox
- » Heavy-duty CVT clutch
- » Twin 5-blade rotors
- » Retardant spray system with drain valve
